**Calling all Primary School Parents** - local parents are currently looking in to setting up an After School & Holiday Club for primary school children in the village.

An After School Club is the provision of a safe and caring environment offering play and leisure opportunities to school-aged children and young people, out with school hours.

In addition, to providing children and young people with opportunities to socialise and play in less formal surroundings, it also enables parents/guardians to access employment and training/education opportunities either on a full or part-time bases.

The aim is to set up a charity which would manage the club and appoint staff to run it and work with the children. Thereby offering local employment and to enable our community to thrive and grow.

Look out for the questionnaire as your views are important and contact **Sarah Smith (scottie\_sas@hotmail.com)** to discuss further.

### Community Composting is to start in 2023

based at the Community Garden and Allotment site (near Bankhead Cemetery) in conjunction with the Cockburnspath Allotment Association and the Village Caretaker.

The aim is to provide compost for both the allotments, community garden and possibly to supply surplus compost back to residents.

With no 'Green Waste' collection, residents are taking green waste to the re-cycling centre at Dunbar, an 18-mile round trip!

We are looking for community support for this re-cycling scheme (as identified in the 'Community Action Plan') either to volunteer in constructing the composting bays and/or to help in the on-going management of the project which would include sorting, shredding, turning (by mechanical means), bagging and the technical aspects of compost production.

Contact Neil for more information - **nfsimpson@icloud.com**

**Parent Council AGM** - will be held in December. More information will be shared, with Parent Council nominations invited.
